## ADMINISTRATIVE SERVICES

KBM Management's comprehensive and proprietary billing and enrollment software provides us the ability to track and maintain enrollment information, plan design, and administrative preferences to provide real time customer service and reporting. Additionally, our specially designed software affords us the ability to bill, collect, report, and remit premium for groups with multiple locations and members.

KBM Management offers Administrative Services for **Voluntary and Statutory group benefits** to employers and Associations with a variety of needs. Groups with multiple locations, group membership or profit centers can take advantage of KBM Management's expertise in the administration of their employee benefits programs. As administrative benefit specialists, KBM is able to respond to questions from members and plan managers in a timely and educated manner. Our Administrative Service clients are able to concentrate on their "day-to-day" business and know that their employees or members are receiving outstanding customer service and being given the most up to date information.

KBM Management can administer all facets of employee benefit programs including health, dental, life, and short and long term disability. **COBRA administration** for health and dental plans, and life conversion notifications are additional examples of services we provide to our clients.

Whether you have a **fully-insured plan**, are a **self-funded group**, or **Association providing benefits to your members**, KBM Management can administer your benefit programs. With more than 20 years in the Employee Benefit and Risk Management Consulting business, we have the experience to make your plans operate at a higher level of efficiency.
